COUNTIES  
RUTHERFORD/CANNON

February 28, 2018

**PRESS RELEASE**

The District Attorney's office initiated actions to enforce the law in this case because the TBI assured us that the items being sold at various businesses in Rutherford County were infused with illegal controlled substances. It is the duty of all law enforcement to prevent the sale of controlled substances. Attached to this release is a copy of the marijuana statute which exempts all industrial hemp products and copies of all lab reports where cannabidiol was found to be present in products sold by the markets. All criminal charges will be dismissed and records expunged. All public nuisance actions will be dismissed and all property seized under the court's orders will be returned.

Before my office acted in this case, two of my assistants and officers from two law enforcement agencies met with TBI officials at their headquarters. They made TBI officials aware of our concerns that several lab reports they had issued declared that edible products that had been purchased by police officers contained a substance called cannabidiol and listed that substance as a Schedule VI controlled substance. That conclusion by the TBI meant that the substance the TBI lab detected on the candy products was prohibited under Title 39 of the Tennessee Criminal Code, which only exempts cannabidiol when used for medical and research purposes as provided for by the statute. At that meeting, TBI officials assured us that they were standing by their determination that the "cannabidiol" substance found on the edible products was a Schedule VI controlled substance and that their previous reports were accurate. My assistants at that meeting advised the TBI that since these stores were selling what TBI reported as controlled substances, my office intended to take appropriate enforcement action including seeking injunctions as public nuisances and criminal indictments. TBI lab reports issued after the meeting also found that the cannabidiol detected was a Schedule VI controlled substance.

After all the TBI lab reports were received in this investigation, the information concerning the investigation coupled with the findings of the TBI lab were presented to the Rutherford County Grand Jury and then to Circuit Judge Royce Taylor. These TBI lab reports were filed with the court by my office and constitute public records. The Grand Jury returned true bills because the TBI lab reports stated that the substances within the edible products contained illegal controlled substances. The TBI lab reports and reports of the investigations were also presented to Judge Taylor as part of a petition to declare these businesses as public nuisances under the law. State law declares that any building used in the selling of controlled substances constitutes a public nuisance. Judge Taylor found probable cause that each business was operating as a

public nuisance based, in part, upon the findings contained in the TBI lab reports that the products contained a Schedule VI controlled substance. Judge Taylor then ordered law enforcement agencies to padlock each business pending a hearing in court.

Chemists from TBI have now informed my office that they cannot determine whether the cannabidiol detected on these products came from a hemp plant or marijuana plant. I was also informed that the TBI lab cannot determine the level of tetrahydrocannabinol (THC) in any of the products they tested.

It now appears that the TBI lab reports, if they had been accurately written, should have stated that their findings were "inconclusive" as to whether cannabidiol is a controlled substance. The cannabidiol substance detected by the TBI lab in the edible candies is identical in composition to the same extract from hemp products, which are distinct under the law from marijuana products. Since the TBI lab cannot conclusively establish in court that the cannabidiol they detected was derived from a marijuana plant, the State cannot prove the substance is actually a Schedule VI controlled substance. The TBI lab reports constituted the foundation of all indictments and nuisance actions in this case.

Jennings H. Jones  
District Attorney General

Tenn. Code Ann. § 39-17-415

Current through 2017 Regular Session (Chapter 493).

*Tennessee Code Annotated > Title 39 Criminal Offenses > Chapter 17 Offenses Against Public Health, Safety and Welfare > Part 4 Drugs*

**39-17-415. Criteria and controlled substances for Schedule VI.**

---

- (a) There is established a Schedule VI for the classification of substances which the commissioner of mental health and substance abuse services, upon the agreement of the commissioner of health, upon considering the factors set forth in § 39-17-403, decides should not be included in Schedules I through V. The controlled substances included in Schedule VI are:
- (1) Marijuana;
  - (2) Tetrahydrocannabinols; and
  - (3) Synthetic equivalents of the substances contained in the plant, or in the resinous extractives of *Cannabis, sp.* and/or synthetic substances, derivatives, and their isomers with similar chemical structure and pharmacological activity, such as the following:
    - (A) 1 cis or trans tetrahydrocannabinol, and its optical isomers;
    - (B) 6 cis or trans tetrahydrocannabinol, and its optical isomers; or
    - (C) 3, 4 cis or trans tetrahydrocannabinol, and its optical isomers.
- (b) Since nomenclature of these substances is not internationally standardized, compounds of these structures, regardless of numerical designation of atomic positions are covered.
- (c) Nothing in this section shall be construed to categorize industrial hemp, as defined in § 43-26-102, as a controlled substance; provided, however, that industrial hemp shall be categorized as a controlled substance in circumstances where such classification is required by § 43-26-103(c).

**History**

---

Acts 1989, ch. 591, § 1; 2010, ch. 1100, § 63; 2012, ch. 575, § 2; 2014, ch. 916, § 2; 2016, ch. 728, § 2.

Annotations

**Notes**

---

**Compiler's Notes.**

Acts 2010, ch. 1100, § 123 provided that the commissioner of mental health and developmental disabilities, the commissioner of mental health, the commissioner of intellectual and developmental disabilities, and the commissioner of finance and administration are authorized to promulgate rules and regulations to effectuate the purposes of the act. All such rules and regulations shall be promulgated in accordance with the provisions of the Uniform Administrative Procedures Act, compiled in title 4, chapter 5.

### OFFICIAL FORENSIC CHEMISTRY REPORT

TO: Curtis Beane  
Rutherford Co. S.D.  
AGENCY CASE NO: 17091411946

DATE ISSUED: 1/29/18  
LAB CASE NO: 171024931  
COUNTY: Rutherford

#### LOCATION OF INCIDENT

TOBACCO BREW AND CHEW

Received From: Curtis Beane  
Received By: Erica Brotherton

Date Received: 12/19/17  
Time Received: 10:45 am

#### EXHIBIT(S):

001-a Yellow rock-like substance  
002-a Gummy candy  
003-a Gummy candy  
004-a Gummy candy  
005-a Capsules  
006-a Liquid  
007-a Liquid

<u>RESULTS:</u>	<u>Controlled Substance</u>	<u>Schedule</u>	<u>Amount</u>
001-a	Cannabidiol	VI	0.51 Gram(s)
002-a	No analysis performed	-	-
003-a	No analysis performed	-	-
004-a	No analysis performed	-	-
005-a	No analysis performed	-	-
006-a	No analysis performed	-	-
007-a	No analysis performed	-	-

**OFFICIAL FORENSIC CHEMISTRY REPORT**

**LABORATORY CASE NO:** 171024931

**DATE ISSUED:** 1/29/18

**DISPOSITION:**

All examinations have been completed. Please pick up evidence within thirty days.

Respectfully Submitted,
